**ENEL JOINS “FUNDACIÓN FAVALORO” ON COLON CANCER'S WORLD
DAY**

Next Friday March the 31st the world stands to fight against this disease.

Buenos Aires, March, 31, 2017. Enel Argentina will join “Fundación Favaloro” in the World Day to Combat Colon Cancer. Together with this prestigious medical institution, Enel will help to awareness about this disease.

There will be an installation of a giant inflatable colon in “Plaza República Oriental del Uruguay” (a green space in the block limited by Figueroa Alcorta, Tagle, Libertador y Austria, in the neighborhood of Palermo), and promoters will provide information and will talk about this disease that, if detected in time, is curable by 90 percent. It is important to remember that colorectal cancer affects men and women alike: all people over the age of 50 must conducted a preventive study annual.

This activity is part of the Enel Sustainability Plan in Argentina, as part of its social action for the benefit of the community. The activity will be able from 10 a.m. to 6 p.m
